Application Process and Some Guidelines, please take note:

- ✓ You may apply for membership immediately or you may attend up to 3 meetings at any Pioneer group within 35 km range.
- ✓ Applying immediately, once accepted, secures your service/product within the Pioneer Group & blocking your opposition. You will be notified of your acceptance or non-acceptance. Pioneer Groups may make a choice should the specific Pioneer Group receive another application from a competing business during this period. There is no rule of 1st come 1st in.
- ✓ We do not allow competitive business members within a specific Pioneer Group. Applications will be scrutinised to see if you are competing with an existing member. If you are in competition with an existing Pioneer member in a specific Pioneer Group then your application will be forwarded to our Regional Office for consideration to another Pioneer Group within the vicinity.
- ✓ Complete this application form and email to above email address.
- ✓ Membership decision is final. No reason needs to be given for non-acceptance. Membership payment are to be made within 36 hours of you being notified of your successful application.
- ✓ There is no commission or any other type of reward for introducing members to a GBR4U Pioneer Group besides the opportunity of receiving business referrals from you and in return endeavouring to pass you valuable business referrals.
- ✓ Business referrals received as well as their outcome, are not guaranteed in any way. Any and All Credit Granted will be for your own risk.
- ✓ You may not be a member of multiple Pioneer Groups or to an opposition business networking organisation. This is to prevent your business referral loyalties being divided. Your business however, represented by another person, may belong to any other business referral group that may exist. Note: Your local Chamber of Commerce, Rotary and Round Table etc. does not fall within this network exclusion.
